Welcome to Utah!

Please consider this Outdoor Utah Adventure Guide your personal invitation to experience Utah's abundance of year-round outdoor activities and annual events.

Utah represents the best of both the Rocky Mountains and the desert southwest. Here you can explore Utah's iconic landscapes along with off-the-beaten-path adventures at five national parks, seven national monuments, two national recreations areas, six national forests, and more than 40 state parks.

Impressive vistas and inspiring landscapes are around every corner whether you choose to hike, climb, and mountain bike, enjoy some white-water rafting, or discover bird and wildlife watching opportunities at locations statewide. In addition to the state's outdoor adventures, we invite you to enjoy dining, spas, shopping, and historical tours.

We are certain the information in this Guide will provide you with a view that may change your view because Utah is Life Elevated!
